CUSTOM ITEMS — GROUPED BY CATEGORY

3. Basement upgrades	Quantity	Client's Price based on Zone
3-17. Railings and Stairs	Quantity	Client's Price based on Zone
Custom Note item: CARPET ON STAIRS IS INCLUDED.	1	N/A

INTERNAL SCOPE: FULL PROJECT SCOPE.

BASEMENT TOTAL SQ. FT. = 902 SQ. FT.

ATTENTION! PROPERTY ON SEPTIC? BEDROOMS OR ROOMS WITH CLOSETS ARE NOT POSSIBLE UNLESS WRITTEN CONFIRMATION FROM COUNTY/CITY HEALTH DEPARTMENT IS PROVIDED! THIS INCLUDES REMODELING PROJECTS WITH EXISTING ROOMS!

UNIT PRICING MAY NOT BE STRICTLY LINEAR AND MAY INCLUDE BUNDLED PRICING FORMULAS OR OTHER PRICING FACTORS. AS A RESULT, INDIVIDUAL UNIT COSTS MAY VARY AND MAY NOT EQUAL THE TOTAL PRICE DIVIDED BY THE QUANTITY.

<u>1. Basement Base Price</u>		\$52,826.00	
1-2. Maryland Counties (Except Prince George’s and Montgomery)		Quantity	Client's Price based on Zone

ITEM 1-2-1. Anne Arundel, Carroll, Washington, Charles and Calvert Counties Permits and Inspections. Includes Upstairs Smoke and CO detectors.

DISCLOSURES:

- Carroll county requires egress windows or door in any basement.
- Permits and inspections item does not include any hoa related tasks. Please refer to items **1-1-5. HOA help. Contractor will submit specs and all necessary forms to HOA** and **1-1-4. HOA help. Contractor will submit specs to Homeowner only**
- In case the county requests a plot plan—which occurs in about 5% of cases depending on property details and scope items such as egress windows and walk-outs—the client is responsible for providing a plot plan stamped by a licensed surveyor. If the client does not already have a stamped plot plan in the surveyor package received when the house was purchased, the client may either hire a licensed surveyor directly or have BasementRemodeling.com obtain the plot plan at an average cost of \$400-\$800.

[Click here for images](#)

INTERNAL INSTRUCTIONS:

This item includes pre-1960 upcharge. If house is built after 1960 - look for credit items.

This item includes code compliance items (stair sides for carpet grade stairs, outside basic railing, GFCI and light outside, outlets for equipment and GFCI unfinished areas) unless we can charge the client for it.

3/19/26 - Health department approval included \$760 - Issue credit if property on public sewer.

5/1/26 - IF THE PROPERTY IS ON WELL AND SEPTIC IN ANNE ARUNDEL COUNTY OR HOWARD COUNTY, ADDITIONAL PROJECT REVIEW IS REQUIRED (!!!FINISHING A BASEMENT MAY NOT BE POSSIBLE!!!)

3/17/26 - Smoke and CO detectors notes:

- This item includes up to 7 wireless combo smoke and carbon monoxide detectors to meet current code requirements for the upper level (\$2,200).

- it is Project Consultant's responsibility to determine if more than seven detectors are needed.

- A hardwired combo detector must be installed in the basement to serve as a transmitter for all upstairs units.

- Models:

First Alert Battery: FSMCO600NVCL1

[firstalert.com - View Link](#)

First Alert Hardwired: FSMCO600NVACCL1

[firstalert.com - View Link](#)

- It is the Project Manager's responsibility to determine the required smoke and carbon monoxide detector setup on the upper level to pass final inspection.

- The Project Manager is also responsible for requesting/ordering all combo detectors.

- Once the scope is confirmed, installation should preferably be completed by the project electrician, with the internal team handling it only if an electrician is not available at a reasonable cost.

- County-specific requirements and instructions can be found in Dropbox. Requirements may vary depending on when the home was built and other factors.

- Please consult management if further assistance is needed.

ITEM 3-18-2. LVT/LVP Installation (Upgrade from base price carpet). Includes Installation, shoe molding and all materials. LVT Brands: Durato Panzu, Durato Azul Tortuga, Allegheny, Shenandoah, Rock Lock Plus II, Rock Lock Plus Tile, Superior Lock Plus, Coretec Pro, and Harborview. LVT INSTALLATION ON THE PAINTED FLOOR WILL VOID ANY MANUFACTURER'S WARRANTY. Floor leveling is not included. NO PATCH INSTALLATIONS (ENTRY, BAR AREA) WHERE MORE THAN ONE TRANSITION REQUIRED. 2 hours of Interior designer time is included. Click here for images Catalog Price Description: \$6/sq. ft. \$1,200 minimum <i>Catalog price shown for reference only and not visible to the customer; reflects pricing before zone adjustments and discounts.</i>	887	\$5,002.68
ITEM 3-18-10. Floor leveling. All included. Under certain circumstances, the contractor may agree to credit the “floor leveling” item and not perform any subfloor leveling prior to installation. In such cases, the customer acknowledges and agrees to the following: • Warranty Impact: Skipping floor leveling will likely void the flooring manufacturer’s warranty. • Structural Concerns: The floor may feel soft, hollow, or uneven underfoot due to the underlying concrete slab irregularities. • Separation & Gaps: The flooring may begin to separate at the seams or develop visible gaps over time. • Movement & Shifting: Uneven subfloors can cause the floating floor to shift, creak, or move under pressure. • Excessive Wear: Stress points caused by uneven support may cause damage to the locking mechanisms between planks. • Moisture Trapping: Low spots in the slab or subfloor may collect moisture, leading to swelling, warping, or mold/mildew issues beneath the flooring. • esthetic Defects: Visible height differences, lippage, or “bounce” may occur, negatively affecting the look and feel of the finished floor. By accepting a credit in place of floor leveling, the customer understands these risks and releases the contractor from responsibility for any problems that arise from the installation of flooring over an unlevel surface. OWNER INITIALS: _____ Click here for images Catalog Price Description: \$3/sq. ft. <i>Catalog price shown for reference only and not visible to the customer; reflects pricing before zone adjustments and discounts.</i>	887	\$2,501.34
4. Base price bathroom	\$5,169.00

GET AN ESTIMATED COST TO FINISH THE BASEMENT

Simply fill out our form below to receive an estimate to finish/remodel your basement along with detailed scope via email.

STEP 1

INITIAL IN-HOME CONSULTATION

Schedule an in-home consultation to have one of our design professionals personally visit your home to discuss the project, exploring all of the possibilities and offering expert advice.

STEP 2

DESIGN & FINAL COSTS CONSULTATION

Your project consultant will schedule a zoom call to give you a presentation with detailed floorplan of your future basement and give you the final quote. After we have a customized design that meets your budget specifications, we will accept a deposit and sign a contract.

STEP 3

PROJECT PREPARATION & PRE-CONSTRUCTION MEETING

At this stage, we acquire all necessary basement remodeling permits, prepare the drawings, and set up a work schedule. Once all of the arrangements are in place, we hold a pre-construction meeting at your home with project team to review the plan and address any last-minute questions or concerns.

STEP 4

VISIT OUR SHOWROOM

After the pre-construction meeting, your interior designer will invite you to our showroom to go over the exact materials, colors and selections you would like to see in your basement. We want everything to be exactly as you want it, so every design decision will be reviewed and confirmed by you.

STEP 5

BASEMENT CONSTRUCTION

All of the necessary papers and permits are in place, and now our team can create the space of your dreams. The basement construction phase – which consists of framing, HVAC, plumbing, electrical, drywall, painting, flooring, and more – typically lasts 7-9 weeks.

STEP 6

INTERIOR DECORATING AND PHOTOS

Our design team would be glad to continue working with you after the construction is over. Please let us help you pick out furniture and accessories for your new basement. You can see the portfolio of our previous jobs below.

STEP 7

Basement Contractor Interview Questions

When it comes to basement projects, choosing the right contractor is one of the most important decisions that you have to make. BasementRemodeling.com understands this, which is why we have prepared a full [list of questions](#) for you to ask your contractor during your next in-house interview. Before you go looking any further for a contractor, however, please allow us to be your first interview by reviewing our answers below.

1. HOW LONG HAS YOUR COMPANY BEEN IN BUSINESS?

BasementRemodeling.com began over ten years ago in 2006, and we have successfully renovated hundreds of basements since then. The owner's construction background dates back to early 2000s.

2. HOW IS YOUR COMPANY ORGANIZED AND WHAT IS YOUR SERVICE AREA?

BasementRemodeling.com is a family-owned Limited Liability Company (LLC) with headquarters and showroom in Rockville, Maryland, and warehouse operations in Beltsville, Maryland. In Maryland, we serve all of Montgomery County and Howard County, and we also have a limited but growing presence in Frederick, Prince George's, and Anne Arundel counties. We are also stationed in Virginia, where we remodel basements in Fairfax, Arlington and Alexandria counties.

3. WHAT TYPES OF CONSTRUCTION PROJECTS DO YOU SPECIALIZE IN?

As the name says, we only specialize in basements. This type of remodeling is what we take the most pride in, and it is what we do the best.

4. WHAT SETS YOUR COMPANY APART FROM OTHER CONTRACTORS?

At BasementRemodeling.com, we care about our reputation and always do our best to satisfy clients. Our excellent local reputation is further evidenced by over 300 positive reviews on Angie's list, Houzz, Google, and elsewhere. We are, quite simply, the masters of basements. Other contractors will say they can remodel anything, but in reality, each area of the house requires a specialist. We stick with what we know and get it right the first time.

5. HAVE YOU EVER OPERATED UNDER ANOTHER NAME?

BasementRemodeling.com is our trade name, but our legal name is ACH Group, LLC. We used to operate under Basement Masters.

6. WHAT TYPE OF LICENSE DO YOU HAVE? WHAT IS THE NUMBER?

BasementRemodeling.com is our Maryland Home Improvement Commission Licensed Contractor:

Pavel Abaev, Reg. number: 102925

Maryland Home Improvement Commission Corporate License:

ACH Group LLC, Reg. number: 129172

Virginia Class A Contractor License:

ACH Group LLC dba Basement Masters, Reg. number: 2705159425 name, but our legal name is ACH Group, LLC.

7. ARE YOU INSURED? IF SO, WHAT KIND OF INSURANCE, AND FOR HOW MUCH?

We are absolutely insured for a minimum of \$1 million. We believe in full disclosure, which is why official certificates of our general liability and worker's compensation insurance policies are available for download on our website.

8. DO YOU HAVE DESIGN SERVICES AVAILABLE?

Yes, absolutely. We can develop blueprint layouts and render 3D visualizations that will bring your space to life, and we also offer complementary interior decorating services that will cover paintjobs, accents, flooring, and more. Depending on the size and scope of the project, you may need an additional architect or structural engineer.

9. WHAT SORT OF FINANCIAL PLANS DO OFFER?

We offer a wide variety of financing options, including interest-free loans for up to 18 months.

10. WHAT IS YOUR WARRANTY?

Every project comes with a 1-year labor warranty. You can also choose an additional basement protection plan that is \$500 a year (3-year minimum).

11. WHAT IS YOUR BBB RATING? DO YOU HAVE ANY COMPLAINTS?

Our BBB rating is A+, completely perfect. We have never had any complaints filed against us on BBB – or anywhere else, for that matter.

12. HAVE YOU EVER WON ANY AWARDS?

Yes, we are proud to be the #1 leading basement company in all of Maryland and Northern Virginia. We have won at least one award every year for our outstanding customer service and design achievements. Check out our full list of distinguishing awards and see for yourself.

13. MAY I HAVE A LIST OF REFERENCES FOR PROJECTS YOU HAVE COMPLETED THAT ARE SIMILAR TO MY OWN?

Absolutely. We have a 10–page list of references available upon request (please email us at contacts@basementremodeling.com).

14. DO YOU NEED ANY SPECIAL PERMITS FOR MY PROJECT?

Yes, every basement finishing and remodeling project requires a specific set of permits, depending on your county laws. Our permits include, but are not limited to, building, electrical, plumbing, mechanical, and fire protection. There are typically between 5–8 inspections that we have to pass during this process. Note: By having a contractor's work inspected, your local government is making sure that your project is done according to the most current building codes.

15. DO YOU HAVE EMPLOYEES, OR DO YOU HIRE SUBCONTRACTORS?

At BasementRemodeling.com, we have a well-educated and certified team of interior decorators, designers, project managers, carpenters, and plumbers. We also refer to trusted subcontractors for electrical work, insulation, drywall, painting, flooring, and a few other lesser tasks. The combined experience of our employees and subcontractors is over 250 years.

16. HOW DO YOU MANAGE PROJECTS? WHO WILL BE IN CHARGE?

For any given project, we make sure that you will have at least one person dedicated to working alongside you at all times. To achieve this, we assign a lead interior designer as well as a customer service manager who is in charge of scheduling, quality control, and keeping you up to date at all times. In addition, you will have direct access to the cellphone of Pavel, owner of BasementRemodeling.com.

17. WHAT ARE YOUR HOURS OF OPERATION?

Our normal business hours are Monday through Friday, 8am to 6pm. We can also work on Saturdays if needed.

18. WHAT IS THE TYPICAL PROCEDURE FOR AN AVERAGE JOB SITE?

BasementRemodeling.com strives to maintain your privacy at all times. Nobody will need to enter any other room besides your basement. We install a temporary door lock on your basement's door (with the key secured in a lockbox right by the door), and we supply our own portable restrooms on the premises.

19. IS THERE AN OFFICIAL CONTRACT FOR THE PROJECT?

BasementRemodeling.com strives to maintain your privacy at all times. Nobody will need to enter any other room. Yes, every contract will include an itemized list of everything that needs to be done along with starting dates, deadlines, and an easy-to-follow payment schedule. We install a temporary door lock on your basement's door (with the key secured in a lockbox right by the door), and we supply our own portable restrooms on the premises.

20. WHAT IS YOUR PAYMENT SCHEDULE?

Each job has 4 equal payments:

- 1st payment – due on the first day.
- 2nd payment – due after the rough-in plumbing, electrical work, and framing have passed inspection.
- 3rd payment – due upon 75% completion of all work.
- Final payment – due when the job is 100% completed and all of the final inspections have passed.
